WELCOME

Thank you for taking the time to read through this guide. This is all about capturing your iconic love story! I am here for you if you need to discuss anything.

WELCOME

HI! i' m PAM

I am so excited to shoot your wedding

I have been capturing weddings for over 6 years. After majoring in software engineering, I decided to do a complete 180 and pursue photography and dedicated my life to the arts. My main objective as a wedding photographer is to *make your big day the most special and wonderful day of your life*. By capturing *heartfelt moments and pro-found emotions*, we aim at *creating beautiful memories* that will be cherished for generations.

It is also *primordial* for me that you have a *stress-free* day and for you to live in the moment, and will do everything I can to ensure that.

I am here for you if you need to discuss anything. Be it requiring *help to find a great vendor to match your wedding aesthetics* or needing help to *understand the best lighting* for the ceremony.

the
PROCESS

.step one

Take your *time to decide* which *packages and services* suit you *perfectly* for your wedding day. Don't worry about the add-ons. *Extra coverage can be added up until the day of your wedding.*

.step two

It's time to *schedule a meeting (personal or video call)*. Share with me your *aesthetical expectations, requirements, ideas, dreams, and wishes*, and let me know if you have any queries. After the meeting, *I will send you a contract*.

Sign the contract and pay a deposit of 25%. The final amount is to be settled up to a week after the wedding. The final invoice after the wedding day includes the additional hours, extra coverage, and add-ons.

.step three

30 days before your big day, we will schedule a *1 Hour call to discuss* all the amazing plans and photography expectations for the wedding day. During this 1h call or in person meeting, *I will walk you through the process and discuss your timeline* with you so your big day can flow seamlessly.

.step four

2 weeks before the wedding, we discuss these details again from the questionnaires sent and address any changes. *These steps are vital to have a stress-free wedding*.

"She managed to show the *authenticity* of the emotions behind them. Our wedding day is something that we will look back on *again and again* in the years to come and we definitely feel like we can *relive each moment* through our photos and videos."

frequently asked
QUESTIONS

I'm *always here for you* and *available anytime* to answer all your *queries and provide guidance* and *support* to make sure that your wedding photography experience is *smooth and stress-free*.

*01. how can we book you
for our wedding?*

After a *personal meeting*, I will put together an *individual wedding package*, where I can specifically *address your wishes, needs, and ideas*. As soon as I have *received your signed contract and the 20% deposit* for your wedding, *your desired date will be firmly reserved for you*.

*02. are you available
for travel?*

I come from near the beautiful city of *Montreal, Canada. Quebec, Toronto and Ottawa* are not far away from me. Any other city will entail travel fees, let me know where you are from! Traveling is my passion! For my national and international bridal couples, *I also serve Dubai & beyond!*

*please feel free to
reach out to me in
case of any queries.*

*03. what are your
travel costs?*

My travel expenses vary *depending upon different locations*. The cost for traveling to and from the destination as well as possible *accommodation and meals is very individual*. If you are traveling for your marriage, you can always *discuss your ideas and requirements with me*. I will be happy to create a customized package specially tailored for you.

*04. do we need a
second shooter?*

A second shooter is not always required for a wedding day. I recommend that you *opt for a second shooter if 100+ guests are attending your wedding day*. This is the best way if you don't want to miss out on any candid moments or special details

05. what will happen if it starts raining?

This is the most asked question and *I completely understand the concern of couples*. The only thing that is out of their hands during the planning process is the weather. *But is this something to be worried about? Absolutely not!* Together with you and your wedding planner, we always look out for *aesthetic backup locations* in case it starts raining on the big day.

From my experience, I know that on the day of the wedding, *almost everything can be adapted to a new situation*. Having a *backup plan helps a lot too*. In essence, a few grey clouds after a rain shower can conjure up a *very romantic and magical mood*. In addition, having a *post-wedding photo session* also offers us a great opportunity to capture pictures according to your dream wedding aesthetics.

06. when can we expect the photos and will you edit them?

The *general rule of thumb* is to expect a *turnaround time of almost 4 to 5 weeks*. This may vary depending on the size and season of your wedding festivities.

After taking the pictures, I make a *qualitative selection* of your images, finalizing them for *special touch-ups*. The *final touchup includes* adjustment of *lighting, colours*, small details and alignment of your pictures with *special attention to natural retouching*. You will receive your images in *high resolution in digital jpg format*.
